Subject: G. W. Peoples

Dear Mr. Frey:

As the HRT Norfolk Light Project nears final completion, it has been pleasure working with G. W. Peoples the past two years. I am confident that this 7.4 mile starter rail project will be a huge success for HRT, the City of Norfolk and the public.

G. W. Peoples' contract was responsible for over \$15 million dollars of the project scope, including all rail installation throughout the corridor. The entire Peoples' staff has shown much professionalism and has done an outstanding job throughout the duration of the project. Together we were able to overcome many job challenges to ensure timely completion with emphasis on both customer focus and a quality product for the end users.

I would highly recommend G. W. Peoples for future work.

Sincerely,

Pat Moore
Project Manager
